

Stake Holders

Employees of the organization are the stake holders.

Here ByteXL is used as a case study for testing.

Admin User (will work on features like add, remove employee)

HR (will track efforts, sanction leaves)

Accounts (will generate payslip)

Managers (will approve efforts and will do appraisals)

Any other (will do escalations)

Business Value

This project will be of utmost value for employees, because it concerns with

- Payments and Appraisal
- Reporting Bosses
- Task assigned
